

# Stroke and brain injury advisor

## Do you have any questions about rehabilitation after a stroke or other acquired brain injury?

Region Stockholm's stroke and brain injury advisor is experienced in meeting people with acquired brain injuries. The advisor is available for patients and their relatives after a stroke or other acquired brain injury. The advisor can provide information about the care and rehabilitation options that are available, and how to make contact with others who find themselves in a similar situation. You might have questions about family life, work, studies or leisure time. The advisor is available for both patients and relatives.

### Guidance is free of charge

There is no charge for contacting the stroke and brain injury advisor. A physical appointment or a video consultation can be booked, if needed. Interpreters are also available.
